

**STATE OF CALIFORNIA SIERRA NEVADA CONSERVANCY**

**Sierra Nevada Conservancy Grant Program  
Safe Drinking Water, Water Quality and Supply, Flood Control,  
River and Coastal Protection Act of 2006 (Proposition 84)**

**Applicant:** EL DORADO IRRIGATION DISTRICT  
**Project Title:** HAZEL MEADOW RESTORATION PROJECT  
**Application Number:** SNC 080149

**PROJECT SCOPE**

As a component of El Dorado Irrigation District's larger restoration efforts at Jenkinson Lake, the Hazel Meadow Restoration Project will provide for the repair and improvement of recreation infrastructure along Hazel Meadow, a natural drainage to Jenkinson Lake. Previous land uses such as equestrian and hiking trails in Hazel Meadow have degraded the meadow's habitat and impacted water quality entering the lake, which serves as a public water supply for most of El Dorado County. New infrastructure will allow visitors to appreciate the increased and improved meadow habitat without affecting the vegetation, soil, species or water quality. This project will:

- Construct an ADA accessible boardwalk and viewing platform over existing compacted pathway through the meadow to the shoreline of Jenkinson Lake, a major recreational amenity, fishery, and drinking water supply for El Dorado County.

Because the boardwalk and platform will provide access through the meadow to the lake shore without damaging the restored meadow habitat, they are essential to maintaining the sustainability of the restored meadow, water quality, habitat diversity, recreation, and educational benefits of the project.

**PROJECT SCHEDULE**

<b>DETAILED PROJECT DELIVERABLES</b>	<b>TIMELINE</b>
Construct boardwalk and platform	April 2009 – June 2009
<b>FINAL REPORT/FINAL PAYMENT REQUEST</b>	<b>September 2009</b>

**PROJECT COSTS**

<b>PROJECT BUDGET CATEGORIES</b>	<b>TOTAL SNC FUNDING</b>
Materials	\$34,116
Labor – EID construction and recreational staff	32,000
<b>GRAND TOTAL</b>	<b>\$66,116</b>

## **PROJECT SUPPORT LETTERS**

- Stephen L. Edinger Department of Fish and Game, Office of Spill Prevention and Response

## **PROJECT PERFORMANCE MEASURES**

There are four Performance Measures common to all grants. In addition, grantees are required to include between one and three project-specific measures. Performance Measures listed here represent those proposed by applicants and may be modified through further discussion with SNC staff.

- Feet of Trail/Path Length Constructed or Improved
- Number of New Recreation Access Points
