

Agenda Item VII c

System Indicators Update

Presented by:
Joan Keegan

Project History

- Board approved 19 System Indicators in October 2008
- Many challenges encountered
- Contract freeze
- Sierra Nevada boundary
- Unavailability of data
- Breaking new ground
- Draft analysis and findings are almost complete!

Current List of Indicators

Population	Demographics	Median Income
Gross Domestic Product	Employment and Income by Sector	Sources of Income
Business Churn	Green Business Establishments	Acres of Land Conserved
Acres of Working Landscapes	Travel and Tourism Spending	Air Quality (PM 10 and PM 2.5)
Air Quality (Ozone)	Fire Threat	Forest Health
Temp., Precip, and Snowpack	Carbon Storage	Renewable Energy Production
Water Quality	Change in Habitat	

How Indicators Will Be Used

- Promote Regional Understanding
- Make Sound Investments
- Inform Strategic Planning
- Report Results

Next Steps

- Post draft analysis and findings;
- Convene Advisory Committee;
- Draft report and provide public comment period; and,
- Bring final draft report to Board in September.
