

GREAT SIERRA RIVER CLEANUP

**SATURDAY,
SEPT. 19, 2015**
9AM-NOON

Be a part of the largest cleanup
effort in the Sierra Nevada

A project of the Sierra Nevada Conservancy in coordination
with the California Coastal Cleanup Day

Sierra rivers

give life to our treasured places
– places like Mount Whitney,
Yosemite and Lassen National
Parks, giant sequoia groves,
and so many more.

**We need volunteers on all
of our Sierra rivers:**

**American River
Cosumnes River
Feather River
Kern River
Kings River
Merced River
Mokelumne River
Owens River
Sacramento River
San Joaquin River
Stanislaus River
Truckee River
Tuolumne River
Yuba River**

Last year more than 5,600 volunteers joined together to remove more than 90 tons of trash and recyclables from Sierra rivers during the sixth annual Great Sierra River Cleanup.

The Great Sierra River Cleanup will host thousands of volunteers on all 21 major river systems.

**Join us on Saturday, September 19, 2015,
from 9 am to Noon.**

The Great Sierra River Cleanup is a fun event for people of all ages!
